1. On 22 December, we ment in Namich with [ ] so discuss the surjoint endoavors to get ABCANUSO's sent to the United States. [ ] that he thought by now that hes. Werner had departed for the States and the was in the custody of Hermanis. He said that he could de nothing further in the custody of Hermanis received by the Augsburg Jugendant and request that we take whatever measures were available to us to expedite the receipt report.  2. Knowing who is handling this case both inside end out at home, we hardly ask that more be done than is being done. It appears to us locally should legically consider this an unusual case and expedite their report where the closest surviving relatives of the by and became generally against the philosophy of social workers to lot a child be traved from place to place with loss of tics and an unknown future for an extended Recover, I as sure that this is autually clear to all of us.  3. [ ] hopes to wrap up this case very quickly after receipt of the state of take when the boy is ready to go to the States. [ ] see that the Jugendant will permit the boy to be flown to the States without earlies the place with the Jugendant will permit the boy to be flown to the States without earlies objectives, then we moved into this situation, to permit limb the states unescorted. Headquarters still had pleasure, through therefore, of arranging a settlement of AECOM/3's contract benefits with the Lidacises. Since our efforts to date have been to show them (and othern, i for otherwise) that we are good fellows and take care of the orphane of these work with us, I would recommend that we go one step further sub bring the between the feature of the head and the same of the orphane of these work with us, I would recommend that we go one step further sub bring the between the small present in a suttable feature for the States, he should probably he is the Pamich FK and supplied with an attractive Ascrican wardrobe.
